The Kingdoms of Mikromania have experienced a dramatic decline, and an old legend is spreading among the human settlements. An elder race known as the Elden promises to save the world if the humans accept its existence. However, one day an unexpected invasion occurs, and the Elden disappear with the promise to return with the goal of restoring the Kingdoms. The humans realize that they are not alone, but do not know where their friends and foes are, and thus take refuge in a sprawling city. The humans have constructed a special tower, where a mysterious girl named Grace gives them advice and calls for their help. They head out to save the world through the Scepter of Mikromania, a relic equipped with a great power.
